EXPERIENCE

SUMMER INTERNSHIP EXPERIENCE

Icode49 technolabs pvt. ltd, - Ahmedabad

27/07/2023 - 10/08/2023

- During my 15-day summer internship at iCode49 Technolabs Pvt. Ltd., I successfully designed and developed a MyPortfolio website with PHP for the back end.
- This website not only showcased my skills but also featured two key functionalities: (1) Download CV, (2) Send Message to My Email

PERSONAL PROJECT

Track For Safe

- The Purpose of Our App is to Help People in Natural Disasters. Natural Disasters in Many States often cause a lot of hardship to Many People and some of them lose their lives because of it. So we can help such People through this App. At that time Government can Find The Location of People who are in Danger Zone and reach out there to help them using Admin Panel Website. This app can be very helpful to the Government as well as the People.

MyPortfolio Website

- I have built a MyPortfolio website that showcases my work and skills. My site features two essential functionalities: the ability to download my CV and the option to send me a Message to My Email.
